SIX HEARTS PHOTOGRAPHY

Saturated hues in the red bridesmaid dresses and vibrant blooms really set this modern boho wedding apart. Marigolds, zinnias, sweet william, ranunculus and dozens of wild flowers adorn the heads of the bridesmaids, groomsmen lapels, and many other brightly colored moments. Vintage area rugs scattered the aisle and a garland adorned mantle served as the alter for a ceremony under a tree canopy accessorized with chandeliers. For the reception, vintage light fixtures and fabric streamers hung from the rafters over the never empty dance floor. Top off the night with a faux bois wedding cake topped with bunnies, for a charmingly cheerful event.
